

As informed by SpellBee International :

You can register directly with SpellBee International for level 1 (Inter-school) and continue your learning process from your home.

Click register.spellbeeinternational.com

After the successful registration you will receive the soft copy to your log in and once the school reopens you will receive the hard copy through the school.

Level 1 exam is scheduled by September and the venue will be your school. If the lockdown continues even after September, students will be directly writing level 2 (State Level) exam without appearing for Level 1. They will let you/us know about the level 2 registration in case lockdown continues.

Till National Level exam (Level 3), it will be written exam and the venue will be your school premises. Only for the International Level, it will be a common venue in Kolkata like last year.
