CQ - Morpheus

Heading to our sister school, the students of Don Bosco Park Circus performed admirably in this year's iteration of Chiaros Quro, organised by Our Lady Queen of the Missions, Salt Lake. This year too, our students kept alive the proud tradition of picking up numerous medals in the fest, in everything from the Band performance, to the Street Play, proving our mettle yet again.

Interestingly, SCIS' fest, Morpheus chose as its theme the changing nature of a human soul. One thing didn't change however: our school's penchant for winning medals. Picking up golds in dance, debate and slam poetry, and numerous other medals, our school was awarded the 2nd prize overall.

by the audience. Finally during the closing ceremony, the much awaited Core Committee dance set the stage on fire. The immense hard work put in by the students, the Core Committee, the Tech Team, the Student Council, all the teachers and the non-teaching staff working behind the scenes actually made this event a success.

BOSCO XPREZNS

Nakshat Pandey : Bosco XpreZns, the fest of Don Bosco School Bandel was held on the 20th of July. Although the contingent to Bandel led by our teachers-in-charge, Sir A Lawrence and Sir A Goswami along with the student representatives Pragyan Das Sharma and Aditya Mandal was slightly small, what we lacked in quantity was overshadowed by the immense quality of the Bosconians from 23 Darga road, Park Circus. Participating in just 11 of the 25 events, we dominated most of them with our effortless victories in chess and table tennis. We finished second in other various events such as cypher and la la land, the dance event. The football team was unlucky as it finished fourth and was eluded a top three finish due to a coin toss. A spectacular show was put up by the drama troupe. However, they unfortunately failed to make the cut, with the judges deeming other performances as slightly better. After an exhausting but nevertheless fun and thrilling three hour ride, the

Bosco Utsav

Pubayan Sanyal ; Agnivo Chatterjee, XII B:

Right when the hangovers of Bosco Fest were on the lure, we had the fest held by our brother school, Don Bosco Liluah, popularly known as Boscotsav, on 27th July, 2019. It was a morning arrival for all participants by buses and it gave a nostalgic sense to think of the big liluah field right at the entry of the school.

Clusters of decorations for the fest were put all over the place. It started off with the opening ceremony.

Following the ceremony, was our team "Tech Warz" event consisting of coding, website designing and IT quiz in which we came overall 2nd. Subsequently we had "Quizzard" participants bagging the 1st prize followed by quality debate win. DBPC also took part in the Futsal League and the fruit and vegetable cut and design event. Cricket fanatics created business portfolios to win the 1st prize in the cricket auction.

Mega Bizz

Our business team won the best school trophy and multiple individual medals and certificates in DPS Megacity's annual business fest, where our students proved their business knowledge and acumen.

Bosco Bizzcon

The first business event of the year and we once again proved ourselves by winning the best school award and winning almost in every event, to the extent that the Bandel authorities had to call aside the representative and ask him to "reduce the competitiveness of the delegation".

The band mesmerized the audience with its fusion music and its common tradition for the band to win the game of cultural and western music. The class 12 dance team members cherished the last inter school on stage performance. We also witnessed trained buskers performing free of cost on the basketball court as unconventional music is the marquee event of Boscotsav. No less fiery was the Presidents and Core Committee dance, and the special guest performance left everyone flabbergasted. We even rejoiced in joy during the award ceremony as our school was declared the overall champions on the rejuvenating Liluah grounds granting satiable happiness to all of us.

Bosco Bit

Debdoot Bannerjee, IX :Bosco Bit was an event held on the 28th of June, 2019. Many students from classes 9 to 12 had participated and showcased their charismatic skills with the computer. There was a tough competition as students from classes 9,10,11 and 12 had to compete against each other. There were many events like programming, meme making, video editing, graphic designing, app development, website designing, fast typing and IT Quiz. Among all the events, fast typing emerged as the most popular event. We are grateful to the Cyber Space Group --- their animators, the volunteers and all the members for making our day a memorable and cherishable one.

EDITOR'S DESK

Greetings to all! Firstly I would like to apologize on behalf of our team for the delay in this issue of Bosco Times.

This issue is very close to our hearts as it covers not only various fests but also our very own fest "Bosco Fest" which was a grand success. A huge congratulations has to go to the student council members of classes X, XI and XII as they played a huge role in the flawless execution of a grand scale event like the Bosco Fest.

All the teachers involved were the backbone of the fest and this could have obviously not been done without the guidance of the Fathers. This issue also comprises multiple inter school events in which our school participated and triumphed.

I would like to thank all the members of our group for the hard work they have put in during the fest and for this edition of Bosco Times . I would like to thank our animators Sir Debarshi Chakraborty, Sir Sanjay Gupta and Ma'am Ashmita Chatterjee for the way they have supported us throughout. I would also like to thank all our readers as you are the reason we push ourselves that extra mile each month.

Thank you !
